

Rebuild

Maintaining bone health is a critical factor in maintaining mobility and independence as we age. Rebuild is a full spectrum nutritional product designed to support bone health. In addition to calcium and magnesium, Rebuild contains vitamin D, vitamin K, zinc, and trace minerals important to bone health. Deficiencies of these nutrients can slow bone production or accelerate bone loss.

- Research-based formula to support bone mineral density*
- Contains key nutrients important for bone synthesis*
- Metabolic Maintenance's most potent formula to support bone health*
